ADDITIONAL SERVICES

REPRODUCTIVE EVALUATION

MARE \$ 515.00

Includes external and vaginal examination, palpation/ultrasound of reproductive tract, uterine culture, cytology and biopsy. Once all results are received, a letter will be sent to the owner summarizing the findings and any recommendations.

STALLION \$ 625.00

Includes two semen collections, 1 hour apart, full semen evaluation after each collection, assessment of sperm morphology, testes palpation, EVA testing, bacterial cultures of semen, urethra and prepuce. Once all results are received, a letter will be sent to the owner summarizing the findings and any recommendations.

PHANTOM TRAINING \$ 595.00

Includes stallion handling sessions and semen collections necessary to train the stallion to mount the phantom and ejaculate without hesitation.

GROUND COLLECTION \$ 700.00

Includes stallion handling sessions and semen collections necessary to train the stallion stand and ejaculate without hesitation.

TEST COOLING \$ 290.00

Includes collection, evaluation and testing of one ejaculate to acquire an optimal cooling protocol. Testing will involve evaluating samples for progressive motility ~12, 24 and 48 hours after collection in either 2 (\$290) to 5 (\$370) different extenders depending on sperm output.

or
\$ 370.00

OVARIECTOMY* \$ 1,250.00

Includes the procedure of performing a flank laparotomy by making a single 4- to 6- inch flank incision, access to both ovaries are achieved. An ecraseur is then passed through the incision to cut the pedicle of each ovary.

*Board and pharmaceuticals are additional costs.

TWIN REDUCTION

TRANSVAGINAL ASPIRATION (TVA) \$ 240.00

Includes the initial ultrasound examination as well as transvaginal aspiration (TVA) procedure. TVA involves passing a long-handled ultrasound probe into the vagina adjacent to the cervix. Rectal manipulation of the uterus will place the desired pregnancy in a position whereby a needle either disrupts membranes or injects pharmaceuticals.

MANUAL REDUCTION \$ 135.00

Includes the initial ultrasound examination as well as the procedure for manual twin reduction. Reduction in this manner will either involve pinching the desired pregnancy between thumb and fingers or pressing it with the ultrasound transducer against the pelvic rim.

*Board and pharmaceuticals are additional costs.

Boarding

<30 days \$ 29.75/day

>30 days \$ 26.50/day

*(includes up to 6 flakes hay + 6 lbs pelleted or textured feed. Additional amounts or specialty feeds will be charged at cost.
Board fee for mares with foals will remain at \$26.00/day after 30 days.)
